The color representations are reproduced from actual color chips. However, the colors as viewed on your monitor or printed by your printer from data presented on this site will vary from the true color of the actual coatings due to computer systems variations, and should be viewed as representations. To determine the RAL match for your Pantone color, please refer to this [“Pantone to RAL Converter.”](#)

An asterisk (*) in the color name grid denotes a premium color with additional powder coat costs due to color pigment.
