

Creating a Sense of Place™ since 1991

SIGNATURE SERIES TRANSIT SHELTERS

Your community. Your style. Your signature.

THE PERFECT FIT FOR BUS RAPID TRANSIT AND DISTINCTIVE COMMUNITY BRANDING

Many Signature roof design options (pictured: heat-formed polycarbonate roof panels)

Custom designs for public art projects (pictured: "Papel Picado" themed shelter)

Over 150 RAL premium powder-coat color options

Customized agency branding

Our Signature Transit Shelter Series delivers a look that's distinctively unique for your bus shelter project, reflecting the character of your community – from our popular Sunset and Voyager designs, to the angular and modern Empire series, to many customized options reflected in our Pacific, Orion, Laguna, and Crown Pointe lines. Our experienced team works closely with you, using our cutting-edge CAD design software to develop a custom look that adds value to your streetscape while creating a connection with your community and its public transit patrons.

Why settle for off-the-shelf? With Tolar's Signature Transit Series, your community's outdoor environment will be transformed into a memorable public space that creates a true Sense of Place™ for years to come.

Key Features:

- Fully customizable modular bus stop shelter
- Affordable, purpose-driven design
- Exciting alternative to generic, "we've seen it before" styles
- Choose from various roof lines: angled flat, cantilever, radius curves and more
- Collaborative transit shelter and street furniture design process
- Available with or without an advertising media display kiosk. Illuminated kiosks can be powered with traditional 110V illumination or green solar technology. Digital options are also available.
- Customized accessories and colors to match your current branding
- Bus shelter lengths starting at 8 feet; widths starting at 4 feet
- Made in the USA and Buy America compliant

SIGNATURE TRANSIT SHELTERS ON THE STREETS

SIZE AND DESIGN OPTIONS

Here are just a few examples of unique Signature designs and creative styles developed for clients across the country who desired a look that emphasized their community's distinctive appeal:

CUSTOM SIGNATURE FOR RIVERSIDE, CA

Spacious and strong, this modern look is perfect for the busy La Sierra Metrolink Station.

- 30-ft by 7-ft custom design with aluminum dome roof panels
- Decorative battens and radius support posts
- Integrated map cases
- Powder coat finish
- Solar-powered, UL-listed, dusk-to-dawn LED security lighting

CUSTOM SIGNATURE FOR AUSTIN, TX

Part of Capital Metro's Coordinated Bus Stop Street Furniture Program that delivers uniquely attractive, functional street furniture of exceptional design quality.

- 12-ft weather-protecting radius roof
- Front, rear, and side perforated metal walls for wind protection
- Perforated metal benches with seat-delineators
- Prominent branding banner

SIGNATURE SUNSET FOR GOLETA, CA

This shelter's modern aesthetic design provides shade and comfort for commuters around a growing commercial park.

- 10-ft non-advertising shelter with decorative spun escutcheons
- 3/8" heat-formed bronze and polycarbonate roof panels
- Two seat Mesa-style bench with seat-delineator
- Matching trash receptacle, branded route flag
- Easy-to-read, pole-mounted schedule display

SIGNATURE SUNSET FOR SANTA ROSA, CA

This shelter features a spacious contemporary look with multiple seats to serve bus commuters at the Charles M Schulz-Sonoma County Airport.

- 18-ft X 7-ft shelter with 3/8" heat-formed polycarbonate roof panels
- Low draw LED illumination, connection points for future technology
- Premium powder-coat finish with protective clear coat
- Sonoma County Airport branding
- Contour benches with seat-delineators
- Large information display kiosk

SIGNATURE SUNSET FOR COUNCIL BLUFFS, IA

This radius roof shelter provides ample seating for busy bus stops through out the city.

- 16-ft shelter with aluminum roof panels
- Perforated aluminum walls for wind protection
- 60" Euro Mesa benches with seat-delineators
- 110V LED illumination
- Premium Iron Glimmer powder coat

Custom Signature 30-ft transit shelter with aluminum roof panels and decorative battens, radius support posts, integrated map cases, and solar-powered UL-listed dusk-to-dawn LED illumination
