

**The perfect way to create a Sense of Place™ in public spaces.**

Our line of Street Furniture is unsurpassed in the industry. Tolar Manufacturing offers the perfect combination of style and sturdiness sure to please your toughest critics. Whether you are looking to provide bicycle security and storage solutions, comfortable seating in bus shelters, schedule holders to provide critical passenger information, or you simply seek trash receptacles for your public space, Tolar's line of outdoor furniture will exceed your expectations.

We offer a variety of designs, a range of standard and custom-branded colors, and the assurance that our product materials are sourced to result in the most well-designed, purpose-built street furniture on the market today.

**KEY FEATURES:**

Sturdy, high-quality materials and construction.

Designed and fabricated to complement Tolar bus stop shelters.

Abuse, vandalism, and weather-resistant.

Perforated metal, wire grid, recycled slats or steel-strap options.

**OUR OUTDOOR FURNITURE LINE INCLUDES:**

- Benches
- Trash receptacles
- Information map cases
- Schedule holders
- Free-standing kiosks
- Outdoor advertising displays, both static and digital
- Secure bicycle racks
- Newsstand corrals

**STREET FURNITURE ON THE STREETS**  
 BENCHES, TRASH RECEPTACLES, INFORMATION DISPLAYS, BICYCLE RACKS, AND MORE

**ON THE STREETS ACROSS AMERICA**  
 (size and design examples)

**BICYCLE STORAGE**

Completely enclosed bicycle storage provides added security and safety.

This Niagara 360, 16-ft bicycle storage hut features security door with key card entry, video security, and LED illumination.

**BICYCLE RACKS**

From free-standing bike loops and pedestals to high-capacity security racks.

This Signature 180, 15-ft high peak bike rack provides overhead shelter and the ability to hold many bicycles in high bike ridership areas such as colleges and universities.

**BENCHES WITH BACK RESTS**

From 4-ft to 12-ft in length, providing back rest advertising opportunities, city branding, and multiple design colors and styles.

This 8-ft aluminum-framed Mesa Bench provides three-seat delineators and comes with or without a back rest.

**MAP/INFORMATION DISPLAY CASES**

Display cases can be mounted to the ground, bus shelter walls, on airport luggage turn styles, and more.

This two door, side-by-side information kiosk includes an easy-to-read location cap and LED illumination for night viewing.

**BACKLESS BENCHES**

Most of our benches come in backless options, with or without seat delineators.

This brightly painted, 8-ft Signature Kaufman bench with two seat delineators portrays a modern style perfect for urban architectural city centers.

**FREE-STANDING INFORMATION KIOSKS**

From displaying printed passenger information to fully integrated digital displays and wired or solar-powered lighting.

This 8-ft tall elliptical free-standing kiosk provides an oversized 23-in x 34-in media display housed in two-sided hinged-door display case. Includes heat formed UV coated polycarbonate on both sides, agency branding designed for surface mount kiosk, and optional housing for agency logo. Allows for future installation of braille and push-to-talk communications tools.

**OTHER SEATING OPTIONS**

Custom solutions include perch seats, leaning bars and more.

This Perch bench includes an all-aluminum frame with supports and recycled co-mingled plastic slats paired with our standard Mesa recycled slat bench. (Not shown: agency/city branding can be incorporated into the Perch seat).

**TRASH RECEPTACLES**

From cylindrical to square and pole-, pedestal- or ground-mounted, our trash receptacles come in 10- to 32-gallon sizes and provide various lid options.

This 32-gallon square perforated metal trash receptacle with radius dome lid, hard rubber liner, and hinged door for ease of trash removal, can stand alone in a city park or pair perfectly within a bus shelter.

These styles are representative of product options within this series. Scan the QR code or visit [www.tolarmfg.com](http://www.tolarmfg.com) for additional ideas, options and specifications.

**COVERED REST AREAS**

Cities across America have installed shelters to protect their community in public spaces.

This Sierra 10-ft x 13-ft HIP roof shelter provides the perfect, weather-protecting respite in parks and other public spaces.
